玻璃抗污易洁涂料

涂抹 · 水性W系列

产品使用说明书

您真正需要的玻璃易洁系统方案提供商

产品已经过 **SGS** **intertek** 检测

Total Quality. Assured.

功能

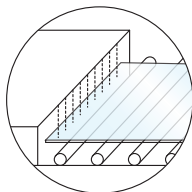

来自德国的Smartguard玻璃易洁涂料，是一种用于改变玻璃表面性能的纳米涂料，可以使玻璃表面拥有防水抗污、耐化学性、耐磨性等性能。

施工方法

1、清洗工序（二选一）：

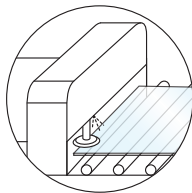

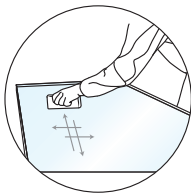

使用前请仔细检查玻璃表面是否洁净、干燥。

- a. 使用高纯度的工业酒精（90% 以上浓度）擦拭玻璃表面；
- b. 使用玻璃清洗机清洗玻璃。

2、涂抹工序（二选一）：

- a. 手工涂抹：将玻璃抗污易洁涂料润湿专用施工擦块侧边，然后迅速涂抹在玻璃表面（横向竖向均需涂抹），并确保涂抹均匀；
- b. 设备涂抹：使用专业的易洁玻璃生产线进行涂抹施工。

温馨提示

- 使用前充分摇匀，使用后盖紧密封。
- 施工时请注意戴好手套、口罩、保持空气流通。
- 操作的温度最低限度为+5℃。
- 操作环境湿度 $\leq 70\%$ 。
- 容量：1L / 5L
- 贮存期：2年
- 气味：酒精
- 外观：清澈
- 避光常温封存，仅适用原装容器。
- 本产品属易燃，请妥善存放。
- 如操作不慎，液体飞溅到眼睛或身体其它皮肤部位，请立即用清水冲洗，必要时请及时就医。

Smartguard 睿盾®

Anti-soiling & Easy-to-clean Coating For Glass

Wiping · Water base W series

Products Instruction

We are the leading Easy-Clean
system solution provider in glass

Smartguard stands the specified test

Function

Smartguard glass easy-to-clean coating liquid from Germany is a nano-coating used to modify the surface properties of glass.

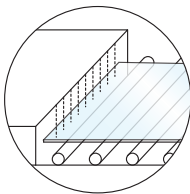

The coating makes the glass surface waterproof, anti-stain, chemical resistant, wearing resistance and other properties.

Application

1. Before coating, please ensure that the surface of glass is clean and dry.

Glass Washing Process: If washing is needed, there are two washing processes to choose.

- a. Use the industrial Ethanol to wipe clean the glass.
(the concentration is 90%).
- b. Use the glass washing machine.

2. Coating process:

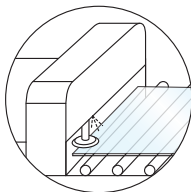

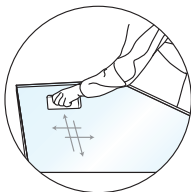

Select either a or b.

a. Manual coating:

Drip the fluid onto a specified cloth (not directly onto the glass surface) and wipe the surface first horizontally and then vertically in a swift manner to make sure it's spread evenly on the surface.

b. Machine coating:

Use professionally made easy-clean glass coating production line.

Tips

- Shake well before use. After use cover the bottle tight and securely!
- Wear gloves and mask during application.
- During the application the temperature of the glass surface and the ambient should not be lower than 5°C.
- Operating humidity $\leq 70\%$.
- Volume: 1L / 5L
- Storage life: 2 years
- Odour: Ethanol
- Appearance: Clear
- Ingredients: Modified hybrid material in Ethanol
- Storage: Room temperature, only in origin vessels
- Inflammable product, please keep safely.
- Avoid direct contact with eyes and skin.
- If accidentally the liquid splashes to the eyes or on the skin, please rinse immediately with water, consult a doctor if necessary.
